

12th International Fluid Academy Day (IFAD) - BEMS (English Track)

Auditorium Lise Thiry

8:00 – 8:30

WELCOME & REGISTRATION - Building W - ground Floor

SESSION 1: Opening session

8:30 – 9:00

Chairs: Niels Van Regenmortel - Antwerp (Belgium) and Pierre Mols - Brussels (Belgium)

8:30 – 8:35

Introduction and history of BEMS

Stefano Malinverni - Brussels (Belgium)

8:35 – 8:40

Welcome and history of IFAD

Manu Malbrain - Lovenjoel (Belgium) and Lublin (Poland)

8:40 – 8:55

Keynote on the 7 D's of fluid therapy

Manu Malbrain - Lovenjoel (Belgium) and Lublin (Poland)

8:55 – 9:00

Break-out to parallel sessions French and Dutch track

9:00 – 10:30

SESSION 2: Why every country needs a national sepsis and fluid plan

Chairs: Manu Malbrain - Lublin (Poland) and Carmen Pfortmueller - Bern (Switzerland)

9:00 – 9:15

Why we need a sepsis (and fluid) plan

Robby De Caluwé - Chamber of Representatives (Belgium)

9:15 – 9:30

State of sepsis in Europe?

Djillali Annane - Paris, Garches (France)

9:30 – 9:45

Patient testimonial

Krista Bracke, patient expert (Belgium)

9:45 – 10:05

Sepsis in the returning traveller

Emmanuel Bottieau - Antwerp (Belgium)

10:05 – 10:25

Round Table Discussion : Why we need a national sepsis and fluids plan?

Panelists: Robby De Caluwe, Djillali Annane, Krista Bracke, Emmanuel Bottieau, Robert Wise, Prashant Nasa, Fathima Paruk, Sheila Myatra**

Moderators: Manu Malbrain, Carmen Pfortmueller

10:25 – 10:30

Innovation snippets

Manu Malbrain

10:30 – 11:00

BREAK - Visit to sponsors stands

11:00 – 12:30

SESSION 3: What is new from the literature on monitoring?

Chairs: Prashant Nasa, Rob Wise

11:00 – 11:15

Should we monitor fluid responsiveness or fluid unresponsiveness?

Xavier Monnet - Paris (France)

11:15 – 11:30

How ultrasound can help guiding fluids: The FALLS protocol

Daniel Lichtenstein - Paris (France)

11:30 – 11:45

Antibiotics in septic shock: how early? How much? How long?

Fabio Taccone - Brussels (Belgium)

11:45 – 12:00

Monitoring the microcirculation: are we ready for prime time?

Can Ince - Rotterdam (Netherlands)

12:00 – 12:20

Round Table Discussion : The monitoring tools you would like to have?

Panelists: Xavier Monnet, Daniel Lichtenstein, Fabio Taccone, Can Ince, Carmen Pfortmueller, Tom Langer, Francesca Rubulotta**

Moderators: Robert Wise, Prashant Nasa

12:20 – 12:30

Innovation snippets

Manu Malbrain

12:30 – 13:20

LUNCH BREAK - Visit to sponsors stands

13:20 – 14:30

SESSION 4: Masterclass on fluid therapy

Chairs: Manu Malbrain - Prashant Nasa

13:20 – 13:45	Fluid resuscitation in septic patients outside of the ICU <i>Ben Creagh-Brown* and Justin Kirk-Baley* - Surrey county (United Kingdom)</i>
13:45 – 14:00	Human albumin in decompensated liver cirrhosis as plasma expander: prevent and treat complications <i>Paolo Caraceni* - Bologna (Italy)</i>
14:00 – 14:25	Round Table Discussion (Q and A) <i>Panelists: Ben Creagh-Brown* Justin Kirk-Baley* Paolo Caraceni*</i> <i>Moderators: Manu Malbrain, Prashant Nasa</i>
14:25 – 14:30	Break-out to parallel sessions French and Dutch track
14:30 – 16:00	SESSION 5: What is new from the literature on fluids? <i>Chairs: Niels Van Regenmortel - Frantisek Duska</i>
14:30 – 14:45	SMART and SALT: Balanced Crystalloids versus Saline in Critically Ill Adults <i>Todd Rice - Nashville TN (USA)*</i>
14:45 – 15:00	BASICS: Effect of Intravenous Fluid Treatment With a Balanced Solution vs 0.9% Saline Solution on Mortality in Critically Ill Patients <i>Alexandre Biasi - Sao Paulo (Brazil)*</i>
15:00 – 15:15	PLUS: Balanced Multielectrolyte Solution versus Saline in Critically Ill Adults <i>Simon Finfer - New South Wales (Australia)*</i>
15:15 – 15:30	HERACLES: Hypertonic saline for fluid resuscitation after cardiac surgery <i>Carmen Pfortmueller - Bern (Switzerland)</i>
15:30 – 15:50	Round Table Discussion: The fluids you would like to have? <i>Panelists: Alexandre Biasi*, Todd Rice*, Carmen Pfortmueller, Prashant Nasa, Niels Van Regenmortel, Fathima Paruk*, Neha Dangayash*</i> <i>Moderators: Frantisek Duska, Manu Malbrain</i>
15:50 – 16:00	Innovation snippets <i>Manu Malbrain</i>
16:00 – 16:30	BREAK - Visit to sponsors stands
16:30 – 17:15	SESSION 6: What is new from the literature on de-escalation? <i>Chairs: Xavier Monnet - Tom Langer</i>
16:30 – 16:45	REVERSE-AKI: Restrictive fluid management versus usual care in acute kidney injury <i>Marlies Ostermann* - London (United Kingdom)</i>
16:45 – 17:00	CLASSIC: Restriction of Intravenous Fluid in ICU Patients with Septic Shock <i>Tine Sylvest Meyhoff - Copenhagen (Denmark)</i>
17:00 – 17:15	Round table discussion: de-escalation triggers and targets <i>Panelists: Tine Sylvest Meyhoff, Marlies Ostermann*, Frantisek Duska, Neha Dangayash*, Jon Silversides*</i> <i>Moderators: Tom Langer, Xavier Monnet</i>
17:15 – 18:30	Joining plenary from parallel sessions French and Dutch track
17:20 – 18:30	SESSION 7: Closing session with procon debate <i>Chairs: Xavier Monnet - Manu Malbrain - Stefano Malinverni</i>
17:20 – 17:40	Microcirculatory management of septic shock in the emergency room <i>Can Ince - Rotterdam (Netherlands)</i>
17:40 – 18:00	Macrocirculatory management of septic shock in the emergency room <i>Jean-Louis Vincent - Brussels (Belgium)</i>
18:00 – 18:20	Round table discussion: Sepsis end-points and safety limits <i>Panelists: Jean-Louis Vincent, Can Ince, Marlies Ostermann*, Xavier Monnet</i> <i>Moderators: Frantisek Duska, Manu Malbrain</i>
18:20 – 18:30	Closing words by Stefano Malinverni and Manu Malbrain <i>Department of emergency medicine SMUR - CHU Saint-Pierre Brussels (Belgium)</i> <i>and First Department of Anesthesiology and Intensive Therapy, Medical University Lublin, Lublin (Poland)</i> <i>*virtual participation</i>
